PECO Project Detail

University:	FLORIDA ATLANTIC UNIVERSITY	Project Priority #:	3
Project Name:	S. E. WIMBERLY LIBRARY REMODEL/RENOVATION		
Proiect Address:	FAU Boca Raton Campus - 777 Glades Road		

PROJECT NARRATIVE

Constructed in 1964 the S. E. Wimberly Library is a five story building which consists of over 160,000 gross square feet. Due to the age of the structure, this facility is in need of a major renovation to upgrade existing finishes, systems and technological needs within the building. The building requires new roofing, envelope enhancement and reconfiguration of all student spaces to better suit today's needs.

FAU's current Educational Plant Survey has identified study space as one of the highest priority needs. The proposed renovation will look to replace outdated collections, integrate more technology, and utilize remote storage options; thereby upgrading existing space to enhanced study and collaborative space. This project will promote student success, retention, and graduation.

The project has been survey recommended as part of the 2022 Educational Plant Survey.
