

Florida Atlantic University

Regulation 4.011 Educational Research Center for Child Development.

(1) The Educational Research Center for Child Development (the "Center") at Florida Atlantic University shall be an early childhood center established to provide educational opportunities and practical experience to interested schools or departments of FAU through internship and educational research experiences; and to provide a high-quality educational environment/experience for children of FAU students, both graduate and undergraduate, faculty, and other staff and employees of the University. The Center shall give highest priority to serving the children of students, followed by the children of staff and faculty. The Center's admission process shall be inclusive of race, ethnicity, socioeconomic status, gender, as well as mental and physical ability.

(2) There shall be a Director for the Center, selected by the Dean of the College of Education and approved by the Advisory Board.
