Courses Developed and Taught

- **Criminal Justice System- CCJ-3024**
 - Course provides an overview of the history, evolution, and operations of every component of the criminal justice system.
 - Course is going through the process of being certified by Quality Matters.
- **Crime Analysis- CJE-4663**
 - An introduction to crime analysis and crime mapping, this course examines types of techniques used to study crime and disorder patterns and problems in law enforcement today. It covers the theory, data collection methods, and statistics used as well as the history of career opportunities for crime

techniques. The course also covers both the rules of law as well as the ethical and legal obligations of the investigator.
